

CD Business Cards

Digital CD Business Cards

Digital CD Business Cards offer a terrific way of informing, and captivating, your audience. Containing up to 50MB of data on a CDR or up to 80MB on a CDROM, the Digital CD Business Card gives your customers an opportunity to view your products, see your brochure, or take home your multi-media presentation.

Measuring just 86mm by 56mm, the Digital CD Business Card can contain audio as well as visual data. The card can be printed in up to six colours to include your branding or corporate identity, or further enhance your marketing campaign.

Our team will be pleased to provide more details and examples of the Digital CD Business Card, and discuss how this innovative and popular media can improve your company image and communicate your message. Contact us now on 01245 328 050.
